Greetings,

Over the past few weeks there have been many concerns raised by our members in regards to the recent Bell Canada communications regarding their return-to-work mandate.

We urge you to direct your questions to Bell Canada to address their Return To Work mandate as very little has been shared with the Union.

In turn, we have reached out to our Local legal counsel on how to address your concerns and will share their reply once we have received it.

Please be assured that our focus continues to be in assisting our members with their issues and concerns where we can and we thank you for your patience and understanding surrounding these very confusing and difficult times.

In Solidarity!
