

April 29, 2022

Dear Local 6008 Member,

As you may be aware we are currently bargaining for our new Collective Agreement.

You told us that the most important issues during this round of bargaining are Teleworking, a Substantial Wage Increase and Job Security.

We have heard you loud and clear, but in order to have any success with our demands, we need the Company to be fully aware that during negotiations, we are united and that we have your full support.

In saying, we have enclosed an “**Our Bell. Our Jobs**” flyer that outlines our message we want to send to the Company. Please **submit your personal email and cell phone number** to [unifor6008@unifor6008.com](mailto:unifor6008@unifor6008.com) so we can keep you updated with important messages from our Bargaining Committee.

By now you would have also received Local SWAG and a postcard so that you can use to take selfies with and send to [bargainingcommittee@unifor6008.com](mailto:bargainingcommittee@unifor6008.com) so that we can post on Local and National social media feeds as a show of solidarity.

Your participation is of the upmost importance and much appreciated to support and solidarity.

Take care and stay safe.

Unifor Local 6008
