### **Very Important information:**

Our Members have advised us that there have been some emails that have not been received. We assure you that they are being sent, however, because these emails are ending up in too many junk/spam folders providers such as G-Mail, Hotmail and Sympatico, these companies have deemed our email [unifor6008@unifor6008.com](mailto:unifor6008@unifor6008.com) to have a bad reputation. Your email providers are automatically placing them in your Spam/Junk folders or not even reaching your email at all.

To assist going forward, we have created 4 new email addresses. Please ensure that you **add the following email addresses to your contacts** to avoid further complications with emails not being received.

[bargaining@unifor6008.com](mailto:bargaining@unifor6008.com) - documents specific to bargaining  
[info@unifor6008.com](mailto:info@unifor6008.com) - generic emails will be sent from this email along with;  
[information@unifor6008.com](mailto:information@unifor6008.com) - generic emails will be used to avoid too many going at once  
[mobilization@unifor6008.com](mailto:mobilization@unifor6008.com) - communications - mobilization for Collective Agreement  
[unifor6008@unifor6008.com](mailto:unifor6008@unifor6008.com) - will continue to be functional.

We hope that this will remedy the current situation with unreceived emails.

### **Using Phone for ZOOM APP**

If you are using you cell phone, you can download the ZOOM app and utilize this rather than simply calling in. This allows you to use the link for faster access. It also will provide to you the reactions button to put up your hand. It also enables you to mute and unmute. Here are two tutorials that I taped for you once the APP is downloaded.
